Customized Auto Lamp Injection Parts from China Factory

Our development depends on the advanced equipment, excellent talents and continuously strengthened technology forces for Wholesale OEM China Auto lamp injection parts, Our company is working by the operation principle of "integrity-based, cooperation created, people oriented, win-win cooperation". We hope we can have a friendly relationship with businessman from all over the world.

Wholesale OEM China Auto lamp injection parts, Auto Part, We've been very responsible for all details on our customers order no matter on warranty quality, satisfied prices, quick delivery, on time communication, satisfied packing, easy payment terms, best shipment terms, after sales service etc. We present one-stop service and best reliability to our every customers. We work hard with our customers, colleagues, workers to make a better future.

Auto Lamp Injection Parts Introduction

We can customize the Auto lamp injection parts based on customer drawing and specification specially.

We adopt integrated ERP system to plan and control the whole process for a project from quotation to DFM, design, manufacture, test, production and delivery.

We have advanced precision facilities and professional experienced project team to ensure our mold in good quality with on-time delivery.

We are endeavoring to become one of the leaders in the field of mould manufacturing and injection moulding in the world.

ERBIWA MOULD INDUSTRIAL CO., LTD.

Address:NO. 96 Jinghai Middle Road, Shatou Community, ChangAn Town, Dongguan City, GuangDong Province, China.

1. Auto Lamp Injection Parts Parameter (Specification)

Automotive injection MouldingParts	Size	Depends on customers requirement (2D/3D)
	Color	Single / Multi
	Function	Plastic parts for Automotive components
	Use	Automotive application,automatic,O/A,toys,etc
	Brand	Canon, Epson, Brother, Sony, Tyco, Audi, Honda, Toyota and Flextronics, Fuji Xerox, HP, JST, Kyocera, Panasonic, BMW, Sanyo, ZTW
Mould	Type	Prototype mold and series/production mold
	Standard	Hasco,DME,LKM,FUTABA,other
	Cavity/Core material	1.2343/1.2311/SKD61,S136,NAK80,H13,738H,other steel
	Injection	Cold runner/hot runner(Moldmaster,YUDO,INCOE,HUSKY,MOLD-TIP,other
	Cycle life	500k~1000k shots
Service	One stop service	Design- Mockup- Manufacturing- Assembly
	Design	CAD/CAM technical platform and perfect engineering data switching system which enable us to have elastic choices to offer service to our customers. UG 4.0 DXF, DWF, PRT, SAT, IGES or STE format for mold design and layout
	Mockup	Rapid laser mockup /CNC mockup process
	Manufacturing	Prototype mold,production mold,plastic parts production
	QC	Latest precise detecting instruments Well trained and skillful inspectors Timely feedback to manufacturing department High yield rate and timely delivery
	Delivery	SAMPLES SHIPPED BY FEDEX,DHL,TNT,UPS Sea or air shipment for Mold/mass production

3.Auto Lamp Injection Parts Feature And Application

We can customize different size and geometry Auto lamp injection parts in different molding material with variant texture surface or colors.

4.Auto Lamp Injection Parts Details

Name: Auto lamp injection parts
cavity/core steel: Imported S136 steel
moulding material: PC Color: customized color
Cavity: 1 +1 cavity (2K Mould)
Surface finishing: Mirror polishing
Tool life: one million shots

6. Deliver, Shipping And Serving

Our QC will 100% inspect the mold and parts before shipping and provide detailed inspection report.

After pass inspection, we will carefully clean the mold and parts.

- 1) .For moulds, they will be coated one-layer anti-rust oil firstly, and then covered thin films overall the mould, finally pack into non-solid wooden case.
- 2) .As for plastic products, we will pack into standard export cartons or as per customer's requirements.

7. FAQ

Q: How can I get the quotation?

A: We will submit the quotation in 24 hours if getting detailed information during working days. In order to quote for you earlier, please provide us the following information together with your inquiry.

- 1) 3D Step of Files and 2D Drawings
- 2) Material requirement
- 3) Surface treatment
- 4) Quantity (per order/per month/annual)
- 5) Any special demands or requirements, such as packing, labels, delivery, etc.

Q: What are the main oversea markets of ERBIWA?

A: Currently ERBIWA regular oversea customers are from Germany, US, Italy, France, UK, Spain, Netherlands, Japan, India, and Denmark etc.

Q: How do you control the quality?

A:

- 1). Materials inspection by IQC, including hardness check, overall dimension and material certification.
- 2). The first sample inspected by QC, and QC will check as per the parameters list and critical dimensions according to 2D drawing provided by customers.
After dimension checked to be OK, and we will send samples for customer approval to decide if it can go ahead with production;
- 3). During injection moulding production, our QC will check the injection molded parts every 2 hours, ensure no any rejects and parts are produced in stable quality;
- 4). FQC will check the products before sending to the warehouse;
