

### **Clear Injection Parts**

We have rich experience in manufacturing Clear injection parts in good quality, and we has specialized in precision plastic mould and plastic part manufacture for years, serving global customers. We are expecting to become your long term partner in China.

### **Customized Clear Injection Parts from China Manufacturers**

abide by the contract", conforms on the market requirement, joins within the market competition by its good quality at the same time as provides far more comprehensive and great company for customers to let them grow to be major winner. The pursue in the company, will be the clients' pleasure for wholesale price China Professional Clear Injection Parts, We focus on for making great high quality products to offer services for our consumers to establish long-term win-win romance.

Wholesale price China Injection Molding, Clear Injection Parts, We have the best products and professional sales and technical team. With the development of our company, we are able to provide customers best products, good technical support, perfect after-sales service.

### **Clear Injection Parts Introduction**

We can customize the clear injection mold and Clear injection parts based on customer drawing and specification specially.

We adopt integrated ERP system to plan and control the whole process for a project from quotation to DFM, design, manufacture, test, production and delivery.

We have advanced precision facilities and professional experienced project team to ensure our mold in good quality with on-time delivery.

We are endeavoring to become one of the leaders in the field of mould manufacturing and injection moulding in the world.

## 1. Clear Injection Parts Parameter (Specification)

|                            |                      |  |
|----------------------------|----------------------|--|
| Transparent optic products | Size                 | Depends on customers requirement (2D/3D)   |
|                            | Color                | Single / Multi   |
|                            | Function             | Plastic parts for optical fiber communications   |
|                            | Use                  | Electrical application, automatic, O/A, toys, etc  |
|                            | Brand                | Canon, Epson, Brother, Sony, Tyco, Audi, Honda, Toyota and Flextronics, Fuji Xerox, HP, JST, Kyocera, Panasonic, BMW, Sanyo, ZTW   |
| Mould                      | Type                 | Prototype mold and series/production mold  |
|                            | Standard             | Hasco, DME, LKM, FUTABA, other   |
|                            | Cavity/Core material | 1.2343/1.2311/SKD61, S136, NAK80, H13, 738H, other steel   |
|                            | Injection            | Cold runner/hot runner (Moldmaster, YUDO, INCOE, HUSKY, MOLD-TIP, other)   |
|                            | Cycle life           | 500k~1000k shots   |
| Service                    | One stop service     | Design- Mockup- Manufacturing- Assembly  |
|                            | Design               | CAD/CAM technical platform and perfect engineering data switching system which enable us to have elastic choices to offer service to our customers.<br>UG 4.0<br>DXF, DWF, PRT, SAT, IGES or STE format for mold design and layout |
|                            | Mockup               | Rapid laser mockup /CNC mockup process   |
|                            | Manufacturing        | Prototype mold, production mold, plastic parts production  |
|                            | QC                   | Latest precise detecting instruments<br>Well trained and skillful inspectors<br>Timely feedback to manufacturing department<br>High yield rate and timely delivery   |
|                            | Delivery             | SAMPLES SHIPPED BY FEDEX, DHL, TNT, UPS<br>Sea or air shipment for Mold/mass production  |

## 3. Clear Injection Parts Feature And Application

We can customize different size and geometry clear injection mold and Clear injection parts in different molding material with variant texture surface or colors.

I Household appliances

- I Automotive interior panel

#### **4.Clear Injection Parts Details**

Name: clear injection mold and Clear injection parts  
cavity/core steel: Imported S136 steel  
moulding material: Clear PC Color: Transparent  
Cavity: 32 cavity  
Surface finishing: High polishing  
Tool life: one million shots

#### **5.Clear Injection Parts Qualification**

ERBIWA MOULD INDUSTRIAL CO. , LTD.

Address:NO. 96 Jinghai Middle Road, Shatou Community, ChangAn Town, Dongguan City, GuangDong Province, China.

Tel:+86-769-88007279

E-mial:sam@erbiwa.com.cn

Phone:+86-13877585320

We are ISO9001:2015 and IATF16949 certificated precision plastic injection mold maker and moulding company.

## 6. Deliver, Shipping And Serving

Our QC will 100% inspect the mold and parts before shipping and provide detailed inspection report.

After pass inspection, we will carefully clean the mold and parts.

- 1) .For moulds, they will be coated one-layer anti-rust oil firstly, and then covered thin films overall the mould, finally pack into non-solid wooden case.
- 2) .As for plastic products, we will pack into standard export cartons or as per customer's requirements.

## 7. FAQ

### **Q: How can I get the quotation?**

A: We will submit the quotation in 24 hours if getting detailed information during working days. In order to quote for you earlier, please provide us the following information together with your inquiry.

- 1) 3D Step of Files and 2D Drawings
- 2) Material requirement
- 3) Surface treatment
- 4) Quantity (per order/per month/annual)
- 5) Any special demands or requirements, such as packing, labels, delivery, etc.

### **Q: What are the main oversea markets of ERBIWA?**

A: Currently ERBIWA regular oversea customers are from Germany, US, Italy, France, UK, Spain, Netherlands, Japan, India, and Demark etc.

### **Q: How do you control the quality?**

A:

- 1). Materials inspection by IQC, including hardness check, overall dimension and material certification.
- 2). The first sample inspected by QC, and QC will check as per the parameters list and critical dimensions according to 2D drawing provided by customers.

ERBIWA MOULD INDUSTRIAL CO. , LTD.

Address: NO. 96 Jinghai Middle Road, Shatou Community, ChangAn Town, Dongguan City, GuangDong Province, China.

Tel: +86-769-88007279

E-mail: sam@erbiwa.com.cn

Phone: +86-13877585320

After dimension checked to be OK, and we will send samples for customer approval to decide if it can go ahead with production;

3). During injection moulding production, our QC will check the injection molded parts every 2 hours, ensure no any rejects and parts are produced in stable quality;

4). FQC will check the products before sending to the warehouse;

5). 100% inspected by OQC before shipping out to customer.

**Q: What shall we do if we receive defective products?**

A: If receive defective product, please send us the photos, we will feedback to our engineers and QC departments and solve the problems at top urgent.
